A DOUBLE TRAGEDY.

AN IMPROMIT DUEL WITH PATAL RESULTS.

Josephus Phy and ex-Sheriff Gabrici Meet in Deadly Facounter-One is Killed and the Other Mortally Wounded.

(Enterprise.)

About eight o'clock Thursday night the people on Main street were suddenly startled by the loud reports of pistol shots in rapid succession proceeding milling ore. The south cross out is in from the Tupnel saloon. No previous some 40 feet and looking well. On from the Tupnel saloon. No previous some 40 feet and looking well. On altercation was heard and it was at first thought that some one under the influtional description with the main drift is in over 200 feet, and where of too much "booze" was emphasizing his hilarity with harmless pictol practice, but when two struggling forms came through the screen doors into the showing well. street, still firing at each other, and one fell on the street and the other stagger ed down the side walk towards the Flo-rence Hotel, the fact was recognized that a fearful tragedy had been enacted in the semi-darkness that surrounded

the entrance to the Tunnel saloon. Eleven shots were fired, and the echo of the last had scarcely died away ere dozens of people had gathered about the prostrate form of Josephus Phy, a the prostrate form of Josephus Phy, a level are both in ore and looking well. the prostrate form of Josephos Phy, a well known resident of this place, who was evidently badly wounded, but was was evidently badly wounded, but was still flourishing a keen bowie knife in a the south about one hundred and fifteen. Good progress is being made in the threatening manner that for a short time repelled the triendly offices tendered

He was carried to the stage coral where Dr. Harvey examined his wounds One shot had passed through his left thigh, utterly shattering both bones; another shot had pessed through the front portion of his abdomen, very likethe third shot entered in front of his right shoulder, the ball passing down-wards and seross the body, lodging unupple of his breast, from which place it four and one half hours after receiving the shote.

The other party to the tragedy, ex-Sheriff Gabriel, had proceeded down Main street after the shooting, to the Dr. Habin reached town about half found Mr. Gabriel bearing up heroically producer. The ledge is not large but under his severe wounds. It was found is above the average in quality. It is that one shot had entered his left side, down to the water levels, and the drifts though the chances were against recov-

## ing the dreadful wounds. STORY OF AN EYE WITNESS

Mr. J. G. Keating, one of the proprietors of the Tunnel Saloon, who was present and witnessed the tragedy gives the following account of the affair; "Pete Gabriel was standing near the end of the bar when Joe Phy entered early part of the week from the south the front door. I was just coming from drift of the Boss, which it is expected the back door and saw him enter. Gabriel had evidently been expecting trouble with Phy and had been told to look at present in the Silver Thread. The out for him, and before the shooting he stopes continue to look well and yield a would instinctively reach towards bis

pistol when say one entered the door.
"As soon as Phy appeared, Gabriel drew his pistol and a moment later both | about 220 feet. The bottom of the sheft were firing at each other. P. R. Brady, looks about the same, being favorable ir. and young Mr. Hammels, who were in the saloon at the time, made their exit through the back door and I was eft alone with the two men. The first could see was the flashes from the pis-tols, but I don't know how many shots tive and pernicious drug that has ruinwere fired. Phy moved away from the ed many constitutions. Use without de door to the right corner and Gabriel lay a remedy which the leading physiworked along the bar towards the door | cians of America have recommended for with an evident intention of getting out over thirty years past-Hostetter's Stomside, and he was the first to go out. in the street. "Other parties had been carrying tales

## THE CAUSES,

The beginning of the bad feeling existing between the two men was a very insignificant occurrence dating back nearly three years ago, when Sheriff Gabriel discharged Phy as deputy sherless, come at once into prominence and longing to Gabriel, and when asked for it grew very indignant. He had a room over the sheriff's office which he refused to vacate when ordered to do so by has consented to have his name present to 4 car loads of ore per month, the as visors at a subsequent meeting had him

Later on Pny became candidate for

sheriff and a remark attributed to him the scandalous assault upon the latter " Phy at Casa Grande and, as Gabriel in it in an official way Mr. Dave Allen is working the Obio and placed Pby under arrest, this added and will make a trial bipment soon. avil gossip. The avowed intention of countedly yield him a good return for Phy to become a candidate for sheriff that the pleasant California liquid fruit this fail brought forth the antagonisms remedy, Syrup of Figs, is more easily natural to such events and he was told taken and more beneficial in its action ans and others owned by the Hensley that Gabriel, who is popular with the than bitter, naussons medicines. A LITTLE NEWS FROM ALL THE

MINES.

## (Tombstone Prospector.) OLD GUARD.

There is no material change in this mine. Sufficient ore of a fair grade is being taken out to keep the mill going. and add a little each week to the ore surplus. The main incline is down something over 400 feet. The bottom looks well being in fair ore. The stopes and drifts on level No. 1 are yielding showing well.

LUCKY CUSS. One shipment of ore has been made smee our last report to the El Paso smelter, but none is being extracted except such as is met within the opening up of the drifts and stopes; The north and south drifts on the first level The north being in seventy five feet and

winze from the first to the second levels. EMERALD. The senseless rumor started by untruthful busy bodies that there was not enough ore in this mine to run for four months is without foundation. True, there are large bodies of ore that there is very little or no profit in shipping But from the present condition of the mine, from the appearance of the levels being run and the stopes worked, there should be no diminuation in the ore shipments for a long time. In the meantime the development in progress is as favorable as at any time in the history of the mine. Especially is this so on the lower or 700 foot level, and the

upper works are as good now as at our SUNKER RILL. The hoist over the new shaft is doing good work, the shaft is down about eighty feet, the ground still remaining

The main drift into the Rattlesnake is being driven ahead. The old Moine averages about the same; there being but little change. It has been for years under the foremenpast one o'clock yesterday morning and | ship of Jimmy Martin, a steady bullion
